

BRAINSTORMS

With Ferrin Cox

The price of crude oil is dropping, after having gone up, up, up for two weeks. Of course this increase was reflected immediately in the price of gasoline at the pumps. However the decrease hasn't appeared yet. The excuse is the one we predicted when prices first started up, "The high cost of oil in the pipeline." They have yet to properly explain how the instant increase isn't reversed into an instant decrease. We could understand either end of that equation, but looking at both sides... it doesn't balance and never will.

We understand Congressman Bill Dickinson is planning a trip to the Middle East later this week. It is part of the Armed Forces Committee project to keep abreast of what American troops are doing. Bill has gotten some flack from the Democrats every election year for his world travels and some of the complaints are probably justified. However in times such as this, as a ranking member of the Armed Services Committee, we think it is where he should be... in fact if he stays home policing we would be complaining.

Dell and Nancy Ellis, along with their college daughter have been charged with voting fraud by an Enterprise grand jury. This is part of an ongoing fight over their legal residency being in Coffee County or Geneva County. Mr. Ellis knows our opinion that his legal residency is in the county where he claims his homestead exemption (Geneva County), but this voter fraud is another matter. The family signed the challenge ballot as the law allows and made no secret of what they were doing. Now Ellis is about as butt-headed as this country boy but his wife and daughter just mind their own business and do good things for society. We think this is a case of the powers-to-be being determined to "get Mr. Ellis" one way or another because he has stepped on some toes. When officials counter with "the grand jury did it" we smile because we all know grand juries seldom have any evidence not presented by law officers and usually follow the recommendations of the District Attorney's office in making their decisions. Get off the soap box guys.

Working folks sweat, ladies and proper folks perspire but scientists study the result of 3-methyl-2-hydroxybutyric acid. To be more accurate it is skin bacteria that feast on apocrine secretions of the armpits and groin, etc. that give off this fancy named acid that is a stench to most humans. Now most of you didn't know all that and we feel we have helped with your continuing education. Don't know what good it is but Dr. George Preti of Philadelphia said it is a fact.

SENIOR CITIZENS RECEIVE MORE FUNDS... MW4 Dennis Jinks (left) presented Elder's Mayor, Fred Moore, with a check for \$500.00. The presentation to Mayor Moore was made on the behalf of the Aviation Center Chapter of Warrent Officers Association at Ft. Rucker. Jinks is the Chapter's President. Moore assured Jinks that the check would be turned over to the Nutrition Center's Director, Mrs. Carolyn Stokes, who will see that the money is put to good use!

LETTER TO THE EDITOR

Dear Ferrin:
Elba City Schools officially began classes on Tuesday, August 21, 1990 in our new temporary facilities. As you well know the plans we formulated in June and July had to be accomplished in six to eight weeks. I am very pleased that those plans were ninety per cent complete by the opening day of classes. I personally feel we have had a successful school opening, considering the circumstances.

There are many people, including staff members, city and county officials and work crews, parents and

students, to thank. I could not attempt to express our appreciation to all without leaving out someone or some agency. However, I want to express to you and all local news media our sincere appreciation for the help you have given in getting our message out to the parents and students concerning the campus layout, traffic flow, emergency plan, and other important information. We have been and still are committed to giving the students of this community the best education we can provide.

Sincerely,
Charles Pearce

A RESOLUTION

RESOLVED, That on behalf of the members of the Elba Chapter #323, Order of Eastern Star, these resolutions be adopted as a tribute to the memory of our beloved brother, FORTNELL MATT MATHEWS, in whose death on August 6, 1990, we have lost one of our most beloved members. His graciousness, sympathy, and unfailing kindness endeared him to his associates, while his strength of character, sincerity, and high ideals won their genuine respect.

OUR deep sympathy for the members of his family mingles with our own sorrow at the loss of one whose death robs both his home and the chapter of a gracious and inspiring presence.

RESOLVED FURTHER, that a copy of these resolutions be included in the minutes of the chapter, and that a copy be published in the local paper, and that a copy be sent to the family as an expression of our sympathy in the great loss sustained in his death.

THIS the 20th day of August, 1990.

AREA DEATHS

ESTER FINCH JOHNSON

Ester Finch Johnson, 71, of Elba, died Tuesday, August 21, 1990, at Humana Hospital in Enterprise, Alabama.

The funeral was held at Mt. Calvary Baptist Church, Elba, Thursday, August 23, 1990 at 3:00 p.m. With Rev. Joe R. Parks, officiating and Virgil Coleman Mortuary, Elba, directing. Burial followed in Mt. Calvary Cemetery.

Survivors include her husband David Johnson of Elba; one sister, Ella Ruth Walker of Hartford, Alabama; three sisters-in-law; one brother-in-law, and a host of relatives and friends.

PEARLIE FLAY LOWRY

Pearlie Flay Lowry, 86, of Jack, AL, died Saturday, August 25, 1990 in Elba General Nursing Home. The funeral was held at Hayes Chapel on August 27, at 10:00 a.m. The officiating clergy was Rev. Jimmy Eddins. Burial followed in the Evergreen Cemetery, Elba.

Survivors include two sons, B. Franklin Lowry of Jack, and Jack Lowry of Jacksonville, FL; five daughters, Fran Turner of Mobile, AL; Play Logan of Ononita, AL; Billie Bickham of Sandersville, Ga.; Mary Payne of Ozark, AL; and Ouida Hall of Bradenton, FL; 17 grandchildren and 13 great grandchildren.

Sweatshirt Painting Workshop To Be Offered At ESJC

Maybe you would like to learn sweatshirt painting? There will be a Sweatshirt Painting Workshop offered at ESJC. The class is scheduled to begin September 4 from 6 to 9 on Tuesday evenings. It will teach

fabric painting on sweatshirts and tee shirts. The class is limited to 15 students so register early to get your name on the roll. Contact the Short Course Office for details, 393-ESJC, ext. 266, or 1-800-874-3399.

Social Security Lists Best Times To Call For Help

Social Security's new toll-free 800 number telephone service is available from 7:00 a.m. to 7:00 p.m. on weekdays.

Most Social Security business can be handled completely by phone. Appointments for office visits can also be arranged by telephone first. The best times to call are early in the morning or late afternoon. And if possible, it is best to call later in the week and later in the month. People

calling during those times may find that the teleservice representatives have more time to help. If people have urgent business then they should call anytime. Social Security's toll-free number is 1-800-234-5772 (1-800-234-5555). The Dothan office is located at 204 N. Outer Street and is open from 8:30 a.m. to 3:30 p.m., every Monday through Friday.

Tax Return Can Be Taken For Child Support

Coffee County residents who are owed back child support by former spouses may be able to intercept their former spouses' tax return next year.

"The Department of Human Resources is taking applications from families who have not already applied to collect delinquent child support payments through income tax refund intercepts," said Coffee County DHR Director Ron Smith.

Human Resources, the state agency responsible for the Child Support Program, can intercept both state and federal tax refunds with the cooperation of the Internal Revenue Service and the Alabama Department of Revenue.

The agency is taking application for the interception of tax refunds from absent parents -- usually fathers -- will receive in 1991. The deadline for applications is August 3, 1990.

Applications are only being taken from families who are not receiving Aid to Dependent Children (ADC) benefits from the Department of Human Resources.

In order to apply for the tax intercept, applicants must:

- be owed at least \$150 in delinquent child support. The debt must be undisputed.
- provide Human Resources with the name and Social Security number of the absent parent.
- pay a \$5 fee for the intercept program. The fee for regular Human Resources child support services ranges from \$5 to \$25 according to the household income. Both fees must be paid at the time of application.

The director said that persons interested in either the tax intercept program or regular child support ser-

vices should call the Coffee County Department of Human Resources at 347-5865.

MILLIE'S VIEWS

Millie Lott
Staff Writer

Do you ever wake up in the morning and ask yourself "why bother"? Can you tell right from the start that it is going to be a lousy day? You know the kind of days I'm talking about. The ones where nothing seems to go right. The hot water kicks off in the middle of the shower, you gargle with green rubbing alcohol, the middle button pops off every shirt you put on, the toast burns, the coffee looks like mud and tastes worse, you get a headache from pondering whether or not there really is a "Sock Monster" (otherwise where did all mates to your socks go), do you catch my drift?

My mother always called these "Blah Days", and would stay in bed. I just loved the way she handled them. But if I did that, somehow, somehow the bed would collapse.

It seems that my "Blah Days" have turned into "Blah Years". Now don't get me wrong, every day hasn't been bad. But I could have lived without the majority of them.

Would it really be too much to wake up one day and the world be perfect, well maybe!

Wouldn't it be great if:

*They put M*A*S*H back on the air, and lost the Brady Bunch re-runs.

*You never had a hair out of place, even after walking through a hurricane.

*The windows in your car automatically rolled up when it started to rain.

*You never had to attend a social gathering dateless.

*Saddam Hussein, the crazy little guy that is causing all the problems, would disappear.

*There were no environmental problems.

*Everyone could get along.

These are only seven of the many. Even with these seven, life would be just a little sweeter, wouldn't it?

With that in mind I say so long for now!

POLICE REPORT

The Elba Police Department, during the week beginning Tuesday, August 21, investigated the following incidents:

*Three assaults, one attempted burglary, one forgery, two V.P.L., two thefts, three D.U.I.'s, one harassment, and two burglaries. Arrests made in the same period of time included: one for driving on the wrong side of the road, one for attempting to elude, one for driver's license required, two for reckless driving, three for driving while revoked, one for driving while license suspended, two for V.P.L., one for D.U.I., one for assault, and one for forgery.

World Share / Alabama food program delivered their first truck load of food for Coffee County participants in the Self Help and Resource Exchange program. The only requirements for individuals or families to participate are payments of \$14.00 per offid package share desired and pledging 2 hours of community service. New Haven Baptist Church served as the central pick-up point for the first delivery.

Starling Jinwright Completes The Advanced Military Academy

SFC Starling Jinwright of Elba, a member of 1315 Engineer ET (PLT) (HQ) in New Brockton, completed the Advanced Military Academy, Alabama Army National Guard, at Fort McClellan on June 30, 1990.

The course is conducted in a 15 day resident period and provides career development instruction to members of the Army National Guard in enlistment grades six and seven. Key points of instruction include a thorough understanding of responsibilities, a willingness to assume these responsibilities, confidence to apply technical knowledge and leadership techniques that apply to each duty position.

Students performing in leadership positions are constantly evaluated by an experienced cadre based on training standards.

Cross Trails Sponsoring Benefit To Help Elba Public Library

Cross Trails is sponsoring a gigantic week-long book sale September 8th through 15th at the Cross Trails Regional/Opp Public Library. All proceeds will go to benefit the Elba Public Library, which was totally destroyed during the March flood. Prices will start at 25 cents, and will include books in all subject areas: fiction, non-fiction, children's books, encyclopedias and National Geographic. The sale will be held during library hours: 9-5, Monday through Friday, and 10-5, Saturdays. This is the biggest book sale ever held by Cross Trails, so big that it will be held at two separate locations in Opp: at the library on Highway 331 North, and downtown at the old Donaldson's Gin office at 200 East Covington Avenue. There promises to be quite a selection, so plan to come early and take advantage of this sale.

Some members of the Elba United Methodist Church and Frazier Memorial United Methodist Church of Montgomery are shown unloading some new kitchen cabinets for the Elba church. Also unloaded was some donated furniture for Elba flood victims. These much needed items were donated by members of the Montgomery church.

SouthTrust Maximum Advantage Checking ties your money to prime.

Without tying it up. Guaranteed.

Checking with interest indexed to prime--and more advantages.

You're guaranteed prime service--without an annual fee. With SouthTrust Maximum Advantage Checking, you'll earn interest at rates indexed to the New York prime rate published in *The Wall Street Journal*. Minimum opening deposit is \$2,000.

Higher balances earn higher rates. Balances of \$25,000 or more earn 70% of prime. Balances of \$10,000 to \$24,999 earn 65% of prime. Balances of \$2,000 to \$9,999 earn 60% of prime. Even balances below \$2,000 earn at our current market rate.*

Keep your balance at least \$2,000 and you get no-charge checking. There's not even a monthly fee except a service charge only in months when your balance falls below the \$2,000 minimum. You may write as many

checks as you want. And you get checks at no charge for both your Maximum Advantage Checking and for a SouthTrust Regular Checking account.

What's more, you can get a discount on the annual fee for a SouthTrust VISA® MasterCard® or MasterCard Gold Card®**

If you find a mistake we've made on your statement, we'll credit \$10 to your account. Ask about SouthTrust's other service guarantees.

Open a SouthTrust Maximum Advantage Checking account. It's the prime checking account that earns like an investment.

*Current market rate is determined from time to time by SouthTrust. Interest based on either rate calculated on the collected balance of funds in your account, less 12% of that balance. Rate tiers described are available only at SouthTrust Bank of Coffee County offices in Elba and Enterprise. **Subject to normal credit approval procedures. Moore Family Reunion Held August 4th and 5th

The sons and daughters of the late Robert H. and Allie Mae Moore held their annual family reunion on Saturday and Sunday, August 4th and 5th. It was hosted by Mr. and Mrs. Fred Moore on Smith Avenue in Elba, AL. Family members in attendance were:

Mr. and Mrs. Clarence Moore, Glenwood, Alabama and his family members; Mr. and Mrs. James Moore and daughter, Rachel, Pensacola, FL; Ms. Linda Watkins, Brundage, AL; Mr. and Mrs. Kevin Flowers and young daughter Haley, Ozark, AL; Mr. and Mrs. Pete Dawson, Brewton, AL; Mr. and Mrs. Grover Mallory, Brundage, AL, and son Mr. Jerome Mallory and wife, Amy, Andalusia, AL; Mr. and Mrs. Fred Moore, Elba, AL, their daughter, Patsy Carter and husband Larry with their daughters, Holi and Mercedes; Thomasville, AL; Mr. and Mrs. Robert C. Moore, New Orleans, LA, and granddaughter, Cassie Moore, Mandeville, LA; Ms. Arlene Moore, Fonti, New Orleans, LA.

Family members who were unable to attend were:

Grandson: Mr. Robert W. Moore and wife Diane and daughters Jennifer and Margaret, Amherst, N.Y.; Mr. Timothy Moore, Mandeville, LA; Mr. Dwayne Kyle of Hammond, LA.

Granddaughters: Mrs. Vickie Pruitt and husband, Monty and two young sons, Wayne and Charles of Corinth, MS.

Two of the Moore cousins joined the family group Sunday. They were Mrs. Ernie Moore Crook of Elba, AL, and Mrs. Willy Moore Head, of Dothan, AL.

Also some of the Wilkes relatives were in attendance. The only surviving maternal uncle, Mr. Dewey Wilkes and wife, Irene, and Mrs. Annabelle Wilkes from the Zion Chapel community, and a cousin, Mrs. Mildred Talmadge of Lithonia, GA.

Guests who enjoyed the occasion were Mr. Burl Moye of Liberty, Texas and Mr. Jerry McWaters of Brundage, AL.

Also a very special guest on Sunday afternoon was Mrs. May Bryan, "Miss" May is a long time family friend and is the former teacher of several of the Moore children.

The group enjoyed a hamburger cook-out Saturday night, and on Sunday, the traditional "covered dish" lunch was served.

The 1991 Moore reunion will be hosted by Mr. and Mrs. James Moore, Pensacola, FL.

The bride is the daughter of Mr. and Mrs. Robert E. Potter of Greensboro and the granddaughter of the late Mr. and Mrs. Herman Crump of Lumberton, N.C. and the late Mr. and Mrs. A.F. and Ellen S. Potter of Winston, Salem. She graduated from Page High School in Greensboro in 1986 and from Meredith College in Raleigh, N.C. in 1990.

The bridegroom is the son of Mr. and Mrs. Everett Davis of Lumberton, N.C. and Dan Teel of Spartanburg, S.C., and the grandson of Mr. and Mrs. Foy Bowdoin of Lumberton, formerly of Elba and Mr. and Mrs. Van B. Teel of Pensacola, FL. He graduated from Lumberton High School in 1986 and from N.C. State University in 1990. He is employed by the First Citizens bank in Raleigh, N.C. in 1990.

The bride was given in marriage by her father. She wore a long gown of white silk tulle. It had a scooped neckline, fitted bodice and cap sleeves. The bodice, sleeves and skirt were trimmed with alençon lace, seed pearls and sequins. The skirt ended in a chapel length train.

Her veil was trimmed with seed pearls and was held by a tiara of Alençon lace and sequins. She carried a cascade bouquet of white roses, orchids and gypsophyllum embellished with pink gypsophyllum miniature orchids and yellow lilies mingled with strands of seed pearls.

The maid of honor was Paige King of Greensboro. She wore a long gown of emerald green mink, styled with a sebring neck line natural waist, puffed sleeves and peplum over a straight skirt. She carried a bouquet of deep pink lilies, miniature purple and yellow lilies, white and pink gypsophyllum, orchids and yellow lilies.

Bridesmaids were: Anne Whiteside of Carey, N.C.; Mary Beth Ogle of Greenville, N.C.; Holly Bivens of Carey, N.C.; Adrienne Smith of High Point and Amy Boyce of Greensboro, N.C. They were

gowned like the honor attendant. Graham Teel, brother of the groom of Greenville, N.C. was best man. Ushers were: John Eckbert of Lumberton, N.C.; Richie Witcher of Lumberton, N.C.; Malinsky of Charleston, S.C.; and Chris Walsh and Troy Paul both of Raleigh.

The groom wore a black full-dress tuxedo. The best man and ushers were dressed like the groom.

Other members of the wedding party were Elizabeth Womble, flower girl and Morgan Womble, ring-bearer.

The wedding reception was held in Alumni House of the University of N.C. at Greensboro. It was hosted by the bride's parents.

The rehearsal dinner was held on Friday, July 27, at the Marriott Hotel. It was hosted by the groom's mother and step-father.

After a wedding trip to Charleston, S.C., the couple will reside in Raleigh.

4. All applications will be reviewed by appropriate principal and / or coordinator, who will arrange necessary interviews.
5. Recommendations will be submitted to the superintendent by the principal and / or coordinator.
6. The superintendent will make recommendations to the school board for action.
7. All applicants will receive written notification of action taken.

Albritton Becomes President Of Alabama State Bar

W. Harold Albritton, III, of Andalusia, Alabama, assumed the office of president of the Alabama State Bar on Saturday, July 21, 1990. He succeeds Alva C. Caine of Birmingham, whose term as president ended at the conclusion of the bar's annual meeting held in Mobile July 19-21. Albritton, a senior partner in the firm of Albritton, Givhan & Clifton, is a native of Andalusia. He is a graduate of the University of Alabama and the University's School of Law.

After two years on active duty in the United States Army, discharged as a captain, Albritton joined his family's law firm. The firm has been in continuous existence in Andalusia since it was founded in 1887 by Albritton's great-grandfather, Judge Edward T. Albritton.

Albritton was president of the Covington County Bar Association in 1973, and in 1987 he was elected a Fellow in the American College of Trial Lawyers. He served as bar commissioner of the 22nd Circuit from 1981-89. He was president of the Alabama Defense Lawyers Association from 1976-77, and holds membership in the American Bar Association, International Association of Defense Counsel and National Association of Railroad Trial Counsel.

He is a director of First Alabama Bank of Covington County and served six years as chairman of the Board of Trustees of Community Hospital of Andalusia.

He is married to the former Jean Rollins Howard of Tusculum. They have three sons: Hal, who practices law with his father, and Ben and Tom, both of whom are law students at the University of Alabama. Albritton was president of the Alabama State Bar from 1971-72.

Educational Assistance For Dependents And Survivors Of Veterans

If you are the spouse or child of an Alabama veteran rated 20% or more service-connected and the veteran was a resident of Alabama for one year prior to entering service or is 100% permanently and totally service-connected and has been a resident for five years or more, you may qualify for educational assistance.

For further information, contact your local Veterans Service Officer or call the Coffee County Veterans Service Office at 347-6640 located in the Enterprise Courthouse.

Round and About With Eria 897-2006

A false balance is abomination to the Lord: but a just weight is his delight.

When pride cometh, then cometh shame: but with the lowly is wisdom.

The integrity of the upright shall guide them: but the perverse-ness of transgressors shall destroy them.

Riches profit not in the day of wrath: but righteousness delivereth from death.

The righteousness of the perfect shall direct his way: but the wicked shall fall by his own wickedness.

The righteousness of the upright shall deliver them: but transgressors shall be taken in their own naughtiness.

Wedding

Those traveling from Elba to Mt. Vernon, N.Y. to attend the wedding of Miss Barbara Jean Kelley and Mr. Donald Smith (both formerly of Elba and New Brockton) were: Edna Ridesaux, Grover Belcher, Anthony Kelley, Tyrone Kelley, Ernestine Kelley, Tillman Lindsey, Curtis Kelley, Mason Guley, Jason Kelley, Evelyn Guley, Roderick Ridesaux, Tonya Smith, Kimberly Kelley, Melissa Kelley, Maria Kelley, Jama Kelley and Eria Belcher.

The bride is the granddaughter of Mr. and Mrs. Grover Belcher Sr.

The wedding ceremony of Barbara and Donald took place Saturday, August 25, at Macedonia Baptist Church, Mount Vernon, N.Y. at 3:00 p.m. The reception followed at the

Ramada Plaza Hotel in New Rochelle, N.Y.

Pre-nuptial music was performed by Mr. Roderick Ridesaux, Ms. Alcia Washington and Ms. Crystal Collins. The bride was given in marriage by her uncle Grover Belcher Jr.

Maid of Honor was Ms. Leslie Theresa Pierce. With Mrs. Evelyn Belcher as Matron of Honor, bridesmaids were Ms. Maria Kelley, Ms. Kimberly Kelley, Ms. Lisa Oesterwinter, Ms. Pamela Brooks, and Ms. Althea Washington. Junior bridesmaids were Miss Mary Jannell Kelley and Miss Ebony Lanette Belch.

Miss Channell Smith served as flower girl and Master Rashad Tolliver served as ring bearer. Serving as Best Man was Mr. Norris Smith. Groomsman were Mr. Michael Rowe, Mr. Anthony Kelley, Mr. Dwight Belcher, Mr. James Middleton, Mr. Roderick Nicholson, and Mr. Thomas Tilley.

The group from Elba were guests of Mr. and Mrs. Grover J. Belcher, Mount Vernon, N.Y.

The group returned home Monday morning at 1:30 a.m.

A very good time was had. We give God praise and honor for our well being.

Christians aren't perfect; just forgiven.

Selected

When things get tough, don't run. People and pressures shift but the soil remains the same no matter where you go. If you can't live through this problem, you won't live through the next problem in the next place you plan to go. If you can't live through this frustration, you won't live through the next one either. People and pressures shift but the soil remains the same no matter where you go. Trust God!

Happy Birthday! Alan J. Belcher, Aug. 26

Thank you for the prayers, cards, telephone calls, food and many expressions of love, concern and sympathy during the illness and death of our brother.

Volunteers Help At Elba Missionary Zion Church

During the flood of 1990 (March 17) Elba Zion Missionary Baptist Church, Elba, Alabama, was damaged inside and out. In fact, all the church furniture was re-arranged by the water. Where the furniture was supposed to be, it wasn't there. There was a lot of work being done but also more needed and had to be done.

On Saturday, August 18, 1990, a group of adults and young folk arrived in Elba via Calvary Christian Academy Bus from Calvary Baptist Temple, Montgomery, Alabama. To help the pastor, Rev. H. Gray and the members of Elba Zion re-build, re-paint, and re-everything!

Mr. George Turpin, a leader of the group said, "The Lord sent us here, and we are glad we came. The people of Calvary prayed for someone to help the church. Elba Zion is the place we adopted there. There are 238 of us and we brought tools to work with and other things needed to clean, etc."

"We began this work 15 years ago, and the leaders are training the youth to do their best work at all times in any situation. Most of the group are football and basketball players and cheerleaders. We usually work in lower income areas. Usually we show christian movies at the video store and tell them about Jesus and the wonderful love. Jesus gives us physical food for our bodies and spiritual food for our souls. We share the faith in Jesus Christ in an effective way. So we're saying, 'We are Serving Him As We Serve You.'"

They clean windows, done carpentry work, painted the kitchen and

dining room area, put in two floors, vacuumed, mopped, cut hedges, waxed furniture, cleaned file cabinets and everything else that was needed. They really got involved! Those that answered the call for help: Bill Brewer, George Turpin, David Turpin, Sam Turpin, Ron Parnell, Mary Ann Parnell, Becky Parnell, Patrick Boyle, Zanny Tyrus, Leslie Nabues, Adrienne Adams, Larry Hancock, Jamie Whately, Ashley Jeffcoat, David Wiseman, Michael Holloway, Shawn Healey, Tara Weems, Sarah Kirk and Cotton Adams.

It was amazing how enthusiastic they were. Working hand in hand together for the Lord. Neighbors from Montgomery showing themselves neighborly and friendly.

Rev. Gray, Willie Calvin, Tillis Ruby Stinson, Lola Williamson, John Lee and Mr. Barrow were there. They had paint and dust on their hands to show they had been working also.

Before leaving Elba Zion MB Church, Rev. Gray prayed and gave thanks to God for enabling Calvary Baptist Temple members to come "over in Macedonia and help them."

The pastor and members of Elba Zion said, "Thanks and God bless."

Today is a good day. Be grateful!

Eria

PASTOR'S CORNER REV. WINSTON JAY ELBA UNITED METHODIST CHURCH

Tomorrow Never Comes

Tomorrow is a wonderful invention. It is the day when all our dreams will be realized. The hope of spend time making things happen.

Today, I am determined to study to improve myself, for tomorrow I may be wanted, and I must not be found lacking.

Today, I am determined to do the things I should do. I firmly determined to stop doing the things I should not do.

Today, I begin by doing and not wasting my time. In one week I will miles beyond the person I am today. Today I will not imagine what I would do if things were different. They are not different. I will make success with what materials I have.

Today, I will stop saying, "If I had the time..." I know I will not find the time for anything. If I want time, I must make it.

Today, I will act toward other people as though they might be my last day on earth. I will wait for tomorrow. Tomorrow never comes."

Worrying about what might happen usually doesn't. I am going to do those things we know we ought to do. Tomorrow we are going to do those things we are going to do. But tomorrow never comes.

Bethlehem Baptist Church Cemetery Accepting Donations

The Bethlehem Primitive Baptist Church Cemetery is accepting donations for the maintenance and upkeep of the cemetery.

If you have members or loved ones buried there and would like to make a contribution to the cemetery fund, send to: Bethlehem Primitive Baptist Cemetery Fund-South Trust Bank of Elba, Elba, AL, or Mrs. Lena Farris-107 North Brock St., New Brockton, AL 36351 or Phone 894-5279.

Andress Accepts Fellowship And Will Attend Duke University

Bobby Andress

Bobby Andress, Plant 21 manufacturing engineer, will soon be attending classes at Duke University in association with the GM Fellowship program. Being a GM Fellow is a long-term commitment to General Motors. To be eligible to become a GM Fellow the following requirements are necessary:

*Have earned a baccalaureate degree.

*Have a minimum of one year continuous full-time salaried work experience at the time of application.

*Have been accepted by the college or university designated by the Corporation.

*Agree to continue employment at General Motors after graduation, at the Corporation's discretion, on a time-for-time basis.

There are only four corporations in North Alabama which offer similar programs. Only four fellowships were awarded for Saginaw Division's Steering Systems Business Unit. Bobby was one of the 240 students to be accepted at Duke out of 2,600 applications. He will attend work for Saginaw Division in May of 1992. It is unknown where Bobby will be assigned. Bobby will work for Saginaw next summer, however, the location for that short period is also unknown. Throughout the program his mentor/contract will be Plant 21 Manager, Dick McEntire.

Bobby made his application by applying to at least three institutions within his field (business or engineering). He had to request early notification of acceptance or rejection from each school. At least two of the institutions have to be in states other than the state in which he currently resides.

Bobby completed the Fellowship application and submitted to Saginaw's Personnel Department, he also submitted a copy of his GRE and GMAT test score results and undergraduate transcripts.

He had to provide copies of applications submitted to each school applying to. His application was reviewed by the local Human Resource Management Committee and the Group/Division or Staff HRM Committee as well. The final decision to award Bobby the Fellowship was based on many factors, including:

*Management's assessment of his long-term potential with GM.

*Quality of his work experience and performance.

*His commitment to his unit and to GM.

*Undergraduate grade point average.

*Addition to a designated graduate school.

*GRE and GMAT test scores.

Bobby is married to Derrin Andress and they have one child, Haley who is two years old. They will be moving with him to Durham, North Carolina. He has a B.S.M.E. degree from Auburn University in 1986.

He is the son of Mr. and Mrs. Robert Andress of Troy, Mrs. Andress is the former Johnnie Sue Stephens of the Damascus Community. He is the grandson of Mrs. Minnie Stephens and the late John W. Stephens of the Damascus Community.

Fall Quarter Registration Being Held At ESJC

Registration for Fall Quarter classes offered at Enterprise State Junior College is now in progress. Scheduling options include 4-day-a-week classes, 2-day-a-week classes, Friday-only classes, and Saturday-only classes. Courses are offered at the main campus and at Fort Rucker. Interested persons may register at either location during regular business hours from now through formal registration on September 4. On the 4th registration will be held from 8:30 a.m. until 7:30 p.m. at main campus and from 8:30 a.m. until 6:00 p.m. at Fort Rucker. For more information, call the Admissions Office at 393-ESJC, 1-800-873-3390, or the Fort Rucker Office at 593-3438.

Benefit Sing Is Set For Friday Night In Opp

A benefit sing for Waylon King will be held Friday night, August 31st, in the Opp High School Auditorium at 7:00 p.m. Singing will be the Davis Brothers and Joy Morris. The benefit is sponsored by Taylor Hill Baptist Church.

Elba General Hospital Report

Persons admitted to Elba General Hospital during the period of August 21 through August 28 were:

Etta Mae Griswold, Hardy Crosby, Deborah Damon, Lucile Bowers, James Martin, Bertha Donaldson, Lula Goodson, Lois Edgar, Larry Bowers, Angela Richards, James Matheys, Karen Vaughn, Keith Mount, Emma Brown, Allen Johnson, Charles Goodson.

Persons discharged during the same time period were: Louise Hartley, Mary Richards, Jan Smith, Dorothy Mills, Larry Bruce, Gary Smith, Lois Byrd, Lilla Mae Cody, Deborah Damon, Donna Bryan, Angela Richards, Lucile Bowers, Jessie Mae Carr, Mary Williams, Bertha Donaldson, Lula Goodson, Etta Mae Griswold, Buna Drinkard.

It is any different today? No, God still expects us to respect and obey his written Word. If we want to be pleasing to him.

A Free Bible Correspondence Course can be yours if you send your name and address to P.O. Box 269, Elba, Alabama 36323.

THE BIBLE

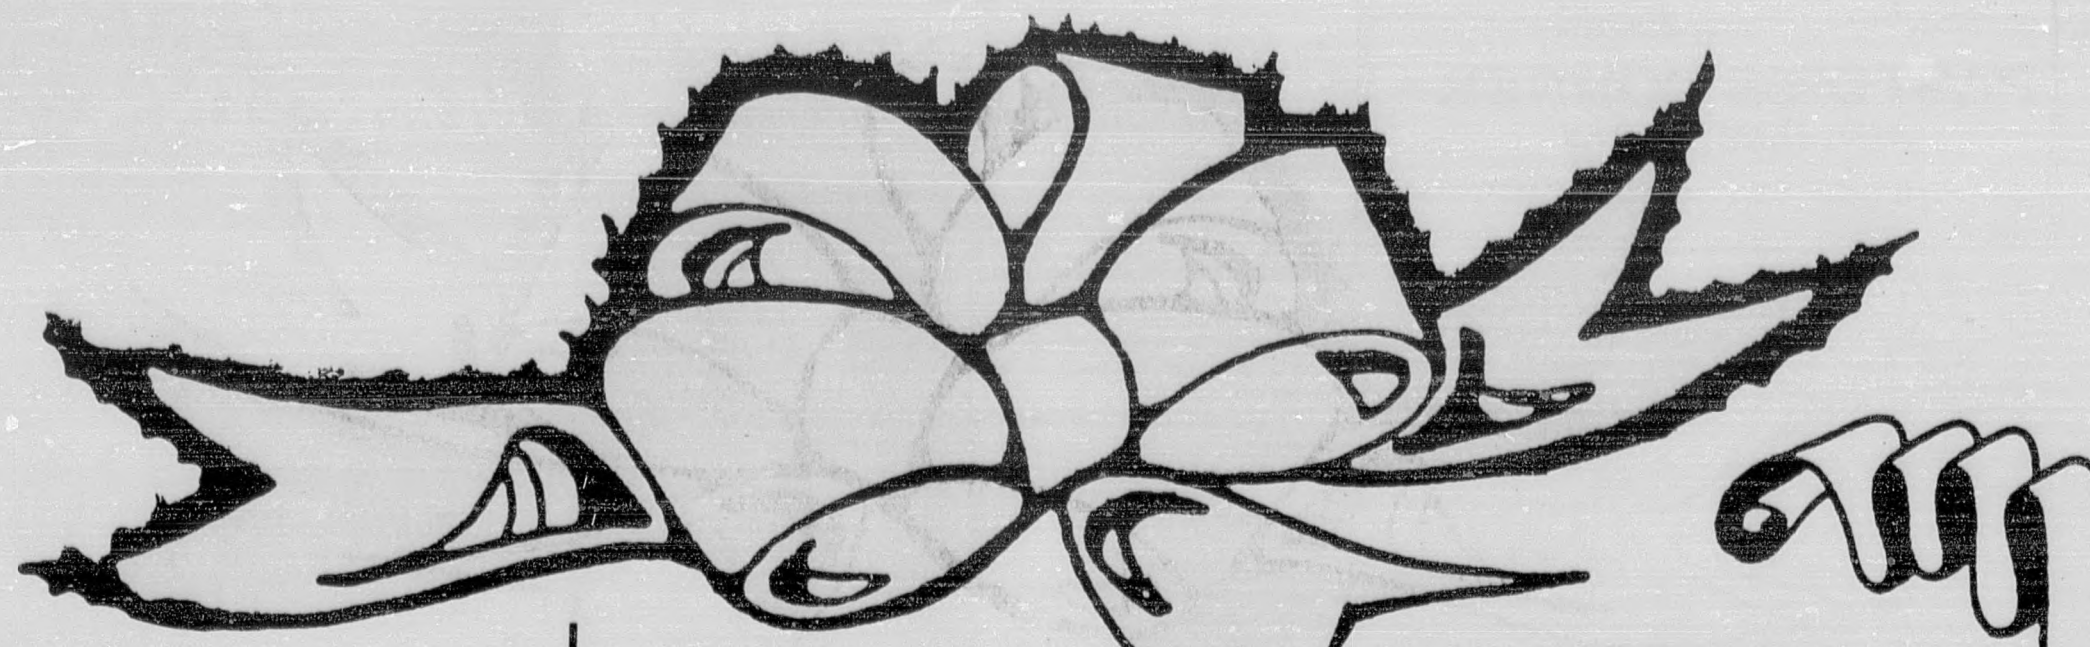

The Bible is a complete standard of Measurement. The Bible is God's Word and is binding as a standard to regulate every religious practice. It is only reasonable to conclude that if God is going to use the Word as a standard to judge us by in the last day, then the Word should be our standard as we prepare to meet him in the judgement. (John 12:48)

The Bible is the only source of all authority in religion. Jesus said, "He that receiveth you receiveth me and he that receiveth me, receiveth him that sent me" (Matthew 10:40) Our Lord simply meant that those who receive the Word, receive the God head, and those who reject the Word, reject God, Jesus, and the Holy Spirit. It is still true, when one rejects the authority of the Bible, he is rejecting the authority of the Godhead.

The Bible as it is, is completely adapted to man. It does not need a miracle worked on it to make it usable and understandable by man, neither does it need further revelation to completely meet man's spiritual needs. (Ephesians 3:2-5, 2 Timothy 3:15-17, 4:2)

The Bible is completely adapted to man as he is. The Bible is adapted to man's ignorance, unbelief, and his sinful condition. Man can understand and obey the Word of God without a miracle being wrought on him. Man, as he is, does not need the Spirit to fall on him in a miraculous way before he can understand the scriptures. The Word is adapted to our intellect, emotions, and our will and when we read it, we can understand it. (Ephesians 3:4)

The Bible is adapted to man, both saint and sinner. The sinner needs salvation and the saint needs building up. The Bible provides for both of them. (1 Peter 1:22, 23; James 1:18; Psalms 19:7; 1 Peter 2:2, Acts 20:32) It is significant that nothing is emphasized more in the Bible than the demand for respect and obey the written commands of God as the only authority on how to please him. In both the old Testament and the New Testament when the people obeyed God's word they were blessed, but when they

Views From The

PRESSBOX

By Ricky Mularz

If you've been wondering just how hot it is on the football field these days, I can assure you that it's hot! Friday morning I helped Coach Wood get the field ready for an afternoon scrimmage and that meant that I was at the field cutting the turf from 7:00 a.m. until 8:00, then swept the cuttings from the field and after a short break helped line off the field. I was on a tractor for much of the time, so it wasn't like I was running around the field in pads. However, I can assure you that it is hot, no matter what time of day you are on the field, or what you are doing!

ELBA TIGERS GETTING READY FOR SEASON OPENER

The Elba Tigers have been busy at work for the past two weeks getting ready for the 1990 season and while many fans are still talking about how tough it is to repeat as state champs, the players and coaches are saying that last year's team won the state championship and that this year's team still has to prove itself on the field.

I have had a chance to stop by practice almost every afternoon and have been impressed with the leadership and attitude shown by the large senior class. Elba will have over 20 seniors this season, the most in years, and this bunch appears to have the mental toughness and team pride that could make the difference when the going gets tough.

At Friday's scrimmage I was impressed with the offensive line and running backs, as well as the intensity of the entire defense. Elba appears to have the talent and desire to win a bunch of games, I guess only time will tell.

INTERESTING YEAR MAY BE AHEAD FOR AREA TEAMS

This may be a terrific year for the schools in our coverage area, but it will sure get off to a strange start next week when all four schools hit the field with new coaches leading the way. Coaching changes aren't all that rare, but when every single head football coach in the county system resigns it makes news and that is what has happened since last football season.

Oh well, it will at least make things a little more interesting as the season begins.

SANDERS APPEARS READY TO MAKE MOVE AT FSU

Elba's Troy Sanders lettered last year as a redshirt-freshman at Florida State, had another outstanding spring practice and excelled Sunday in the Seminoles' first full-scale scrimmage. Yep, it looks like Troy is getting ready to make his move into the starting line up.

Troy was highly recruited out of high school as both an offensive and defensive lineman and chose Florida State over Auburn. His redshirt wasn't better than most as he saw considerable playing time and earned a varsity letter. During the spring he won the top defensive lineman award for the second straight year and opened the fall drills as the #1 noseguard, only to find himself being switched back and forth from noseguard to tackle, and in the process he dropped to the #2 man at both positions. Rumors about a move to offense have always been heard; however, Sanders appears now to be solid as a defensive lineman and the future seems bright.

Good luck Troy, all of Elba is still pulling for ya!

IN CLOSING ...

The Ole Polish Prognosticator strolled in the office over the weekend and appeared cocky when asked about the start of another season. Last year was his best ever and I guess it's to be expected that he would be a little overconfident, at least in preseason. Let's see how he strides once the season gets underway!

Coach Wood warns that Elba Tigers still have plenty of work left in preparation for opener

The Elba Tigers concluded their first week of practice in full pads last week and while Coach Mack Wood was glad to get in pads and happy about the attitude of the team as a whole, he was quick to point out that a lot of work was still ahead before the season opener on Sept. 7, in Daleville.

Elba's Miller Stadium will be ready & waiting for Sept. 14 home opener

While the March flood destroyed practically everything in its path, including all the buildings located inside Miller Memorial Stadium, renovation work is nearing completion to the stadium and its buildings and Coach Mack Wood reported last week that everything will be ready to go when the Elba Tigers host their season-opener on September 14 against Louisville.

"Our immediate concern as far as the stadium was concerned was the bleachers and the playing field," stated Coach Wood. "The bleachers were examined after the flood and were deemed to be in good enough condition to host graduation ceremonies in June, so, I would assume that the bleachers are sound and ready to go."

"The field was covered in about three inches of mud after the flood waters went down," added Wood, "and we had to simply let the mud dry and then begin the process of removing it. At times back in the early summer we were very concerned about how the field would respond; however, many hours of work have been spent on the field and it is now in as good a shape as it was last season. The actual level of the field is an inch or two higher than a year ago, but the grass is healthy and right now the field looks excellent."

"I've been too busy getting ready for football season and replacing equipment to pay much attention to the buildings at the stadium," admitted Coach Wood, "but workers have been hard at work for the past two weeks and last Friday painters were applying the final touches to the concession stand in the west end zone and to the ticket booth. The bathroom on the visitor's side was completely destroyed, but it too has been rebuilt and is nearing completion. A lot of work has been done on the buildings at the stadium and they'll be ready when we kickoff at home on September 14."

"The scoreboard was also wiped out by the flood waters," said Wood. "Technicians were in two weeks ago and attempted to repair the scoreboard, but it was too far gone, and we will have a new scoreboard to show off when the season starts."

"As far as the public address system," stated Wood, "it was checked out last week and given the okay by all concerned. Some of the PA wires were under water, but they survived and are ready to go."

"It has been a lot of work getting the stadium back in shape," said Wood, "and it would have been impossible to have done the repairs without the help of a lot of folks. Concerns about school, businesses and the people who lost homes far outweighed the problems at the stadium; however, just like everything else after the flood, people pulled together and with their help the stadium will be ready when the season rolls around."

"This week we will continue to work on fundamentals and at the same time try to start putting in a game plan for the opening game against Daleville," said Wood. "We'll have to find out what we do best on both sides of the ball and concentrate on them and make sure we do what we do best against Daleville. You are never ready to use your entire offense or defense early in the season and that will be the case again this year. We just have to work hard in practice, become disciplined and do things right every time. We don't have much time left before the opener and have to make sure that we improve in every area at every practice."

"We got rained out Monday and had to work around some showers a couple of other days," stated Wood, "but all in all it was a pretty good week of work. Tuesday and Wednesday we worked hard on fundamentals and conditioning, but at the same time worked on the kicking game, as well as offense and defense. We lost two days of practice this year due to a change in the AH-SAA calendar and that means we have to work a little harder to get in what we've got to learn before we're ready to play."

"The players were excited Tuesday and Wednesday and despite the heat had good workouts," stated Coach Wood. "The hitting was good on both sides of the ball and while the timing was off and we missed some assignments, it really wasn't all that bad. Thursday we had a terrible practice and it seemed like we were out of gas, but you come to expect one bad day after a while and we just have to work hard to make sure it doesn't happen again. Once the season starts we could have a good week of work and then have our bad workout at the game, so, we've got to get mentally tough and not have any letdowns at practice or in the games."

Friday we held a scrimmage and saw some good things and bad things," said Wood. "The first units dominated the reserves on both sides of the ball, which made the first units look a little better than they are. We found out where we need to do extra work and all in all the scrimmage was a learning experience for the players and the coaches."

"This week we will continue to work on fundamentals and at the same time try to start putting in a game plan for the opening game against Daleville," said Wood. "We'll have to find out what we do best on both sides of the ball and concentrate on them and make sure we do what we do best against Daleville. You are never ready to use your entire offense or defense early in the season and that will be the case again this year. We just have to work hard in practice, become disciplined and do things right every time. We don't have much time left before the opener and have to make sure that we improve in every area at every practice."

We don't have much time left before the opener and have to make sure that we improve in every area at every practice."

"This week we will continue to work on fundamentals and at the same time try to start putting in a game plan for the opening game against Daleville," said Wood. "We'll have to find out what we do best on both sides of the ball and concentrate on them and make sure we do what we do best against Daleville. You are never ready to use your entire offense or defense early in the season and that will be the case again this year. We just have to work hard in practice, become disciplined and do things right every time. We don't have much time left before the opener and have to make sure that we improve in every area at every practice."

Area football teams face tough season openers

The high school football season will kickoff on Friday night, Sept. 7, across the state and here in south Alabama there will be a number of challenging openers.

Following is a quick look at area teams and how they look with the season only a week away:

ZION CHAPEL REBELS

The Rebels have a new coach and a new attitude and Rebel fans are hoping that the combination will result in better days ahead.

Zion Chapel was expected to have a playoff caliber team a year ago, but found the fortunes of football not in their favor and struggled to a disappointing 1-9 campaign. This season the Rebel roster is dotted with familiar faces and hopes are high again for a return to the glory days of the early eighties.

While the season may very well produce more wins than a year ago, the opener against Ariton will be a tough one. The Purple Cats are in the midst of a winning decade and have made a stern challenge for the '90 season, making Ariton a prohibitive favorite.

While a win may be too much to hope for, the Rebels will get a chance to show what lies ahead against the talented Cats.

KINSTON BULLDOGS

The Bulldogs will enjoy the feeling of being at home for the first three weeks of the season and will open the homestand against the Straughn Tigers.

Kinston, like all three county schools, will open under the guidance of a new coach, and the new attitude and optimism that comes with any change is again found at the Straughn Tigers.

On Sunday, August 12, 1990 the SEABASS Club held their monthly fishing tournament at Miller's Ferry on the Alabama River. The weather was hot, and the water calm and stained. We hear many stories about the big one that gets away, but there at least were a few fish that weighed in.

Joey Williams took first place honors with 3.40 pounds.

Jeff Boutwell came in second 2.25 pounds.

Harry Jacobs finished third with 1.64 pounds.

Ronny Jirright placed fourth with 1.58 pounds.

Frances Reeves rounded out the field with 1.42 pounds.

Even though there weren't many fish weighed in, we had a great time. Remember, fishing is a great sport so take what you need and release the rest for another day.

the opener against Ariton will be a tough one. The Purple Cats are in the midst of a winning decade and have made a stern challenge for the '90 season, making Ariton a prohibitive favorite.

While a win may be too much to hope for, the Rebels will get a chance to show what lies ahead against the talented Cats.

NEW BROCKTON GAMECOCKS

Many Gamecock fans may very well be asking "Beulah who?"

New Brockton will open the 1990 season on the road against the Beulah Bobcats, a team more known for basketball than football. However, any time a team hits the road strange things seem to happen, and Gamecock fans are hoping that the trip to Beulah will show off more than the new edition of the Gamecocks under new coach Ricky Nichols.

This game will be a mystery for the Gamecocks, but the ending should be familiar.

Commercial Driving Test To Begin In October

Commercial driver license testing is scheduled to begin in October in Alabama. By April 1992 all commercial drivers in Alabama must have a commercial driver's license.

In compliance with federal standards, the Uniform Commercial Driver License Act, passed during the 1989 session of the Alabama Legislature, established testing and licensing standards for commercial drivers in Alabama.

Operators of vehicles that have a gross vehicle weight rating (GVWR) of 26,000 pounds or more, carry 16 or more passengers, including the driver, or transport hazardous materials are among drivers who will be required to possess a commercial driver's license.

Applicants must be at least 21 years of age. A knowledge test either in written or oral form is required. A road skills test is also required, unless the applicant qualifies for exemption.

Testing dates will be determined from the expiration date on the driver's current license. Fees for the li-

cense will range from \$15 to \$45.

All CDL applicants must submit an application form to the Department of Public Safety prior to taking their examination. Following driver record checks, applicants will be notified by mail when they are authorized to appear at a testing site for processing.

Application forms and accompanying instructions are available at driver license offices, judge of probate or license commissioner offices or Public Safety Headquarters in Montgomery.

There will be 12 CDL testing sites throughout the state. Locations and opening dates will be announced at a future date.

A schedule for application follows:

IF YOUR CURRENT LICENSE EXPIRES:	SUBMIT YOUR APPLICATION:
Oct, Nov, Dec 1990.....	Aug/Sep 1990
Jan, Feb, Mar 1991.....	Sep/Oct 1990

Winter Grazing For Livestock

Stan Windham - Associate County Agent

During August of each year most farmers' attention turns to harvesting peanuts, selling calves, and many are thinking about what and when to plant their winter grazing for the upcoming fall and winter grazing period. Generally speaking, most clover, or a combination of two or three

of these. In the past few years we have had more oats go in and also some wheat. In the next few paragraphs, I want to give you an overview of each of these crops.

Past, fair claim service is "no problem" with Auto-Owners.

along August through November. My own personal preference is late September through October. The main reason for this is if you plant it too early, I have seen it actually try to head out, depending on the kind of weather we have, in the fall of the year. The heading out process can take place even before December. In a mixture with rye you can plant ryegrass along about the same time or you can separate them. Rye is best planted about an inch deep whereas ryegrass can be planted anywhere from right on top of the ground to one-fourth inch. Both crops can be broadcast on disked with very good results. Rye will give you a lot of good early grazing whereas ryegrass will come on for you and do a little better over in the early to late spring and carry sometimes as late as June.

Wheat continues to be a good alternative to rye if ryegrass is too high or for some other reason you don't want to plant it. In fact, wheat, forage wheat in particular has worked very well for horses, and they actually seem to prefer it when given the choice of wheat or rye. The only difference I have seen when comparing wheat to rye is wheat does not jump up and give you that early flush of growth that rye does but it will jump ahead of ryegrass.

Oats are another small grain variety that we have planted a lot in the last few years. There is no question to the nutritional value of oats. Not only the forage, but the grain is some of the highest protein we have available to grow. The biggest problem we have with oats is with a freeze they tend to be the first to go. If you want to plant oats, they can be planted just like wheat, rye and ryegrass.

Dealing With Children's Fears About War

Angela G. Hughes - County Agent

The current unrest in the Middle East is disturbing to all of us. For those who have sent loved ones overseas to defend the freedom of distant Arab lands, the emotions run very deep. Our children may be among the most vulnerable of all during those unstable times. Their fear of war, even if it is taking place in a far away land, may be greater than we think.

Nowadays, estimates of the potential for destruction resulting from a military conflict are often broadcast. These broadcasts, and news of a military buildup or even a reduction in the size of armies can evoke fear in youngsters. Children as young as age 6 may suffer from fears, nightmares, and despair caused by the answers of the possibility of destruction.

It's normal for children to experience fear. Many children between the age 3-6 often confuse reality with dreams and fantasy, attribute human, lifelike qualities to inanimate objects, and often feel out of control, unable to influence what is happening to them. These things make younger children more fearful.

But when they have fears, real or imagined, children need help in dealing with them. Get your child to talk about his or her fears. Fears can multiply and become more difficult to manage if they are not expressed. Provide opportunities for your children to raise topics that are bothering

them. Accept their fears and anger as normal; it's okay for us to feel that way sometimes, especially about war. Let your children use art, puppets, and dramatic plays as ways to express fears. Share your own fears about war only if you can do so without burdening your children. Especially, talk with them about how you cope with fears.

Give your children appropriate, accurate information about war. For instance, tell them that there are no bombs in the house, that bombs don't get angry and blow up, and that their misbehaviors does not cause wars. Wars are caused by leaders and citizens of countries who cannot solve their problems by talking and reaching a peaceful resolution.

Teach your children about public policy involvement, that they can make a difference. They don't need to feel entirely helpless during a military crisis. You might have to draw pictures that illustrate their feelings, and write or dictate letters to be sent to heads of state. In the past, children's activist groups have mounted a campaign for peace that have touched the hearts of world leaders.

Finally, teach your children to deal with conflict in a positive and nonviolent way. Talk to children about war toys (e.g. for defense, not offense) and TV violence. Emphasize cooperative play. Model positive, nonviolent behavior. Help children to have fun being peacemakers.

HORTICULTURE TIPS

Dan Presley-County Agent Coordinator

Keep Crepe Myrtles Attractive

Aphids often become a problem on crepe myrtles during August and September. Sooty mold then begins to feed on the honey dew secreted by the aphids. The sooty mold is responsible for the black, unattractive appearance of the foliage. To prevent sooty mold, spray for aphid control. Orben, Malathion, Cygon or Diazinon will do a good job in controlling aphids.

Roses Need Pruning

Prune roses for a fall flush of blooms. Plan your pruning 6 weeks prior to the time you want plants to bloom profusely in the fall. For example, for early October blooms, plan to prune by late August. Remove small, unproductive canes and shorten vigorous ones considerably remembering to leave several sets of leaves to manufacture carbohydrates needed for plant growth. Cooler night temperatures favor growth and nice flower color.

Fertilizing and practicing a spray schedule are other important cultural steps needed to insure that your plants bloom properly and profusely.

Fall Weed Control In Vegetable Crops

Weed control in vegetable fields should not end after the last picking of vegetables. In fact, weed control after the crop has been abandoned may be the most important part of your weed control problem. Weeds don't take vacations, and just about all of the annual weeds which infest vegetable crops can produce seed between late August and the first frost. Unless these germinating weeds are controlled, they will produce an abundant crop of weed seeds which you will have to fight next year. Post harvest control of annual weeds can be obtained either by disking or mowing the area every two to three

weeks, or by spraying with a foliar, non-selective herbicide such as Roundup. The objective is to prevent seeds from maturing and falling to the ground.

Perennial weeds such as nutsedge (nutgrass), bermudagrass and vines can also be treated after harvest to decrease or eliminate in a field. Tillage can help with some perennial weeds but mowing usually will not help. Two or three applications of Roundup spaced about a month apart will generally provide help controlling perennial weeds.
